Each class will be 3 hours long. All classes are from 1 p.m. to 4 p.m. for 5 Sunday afternoons. The course fee is \$500.

With the ever rising college tuition costs and fees, higher ACT scores can save you more than ever. An ACT Prep Course is a great investment. A good ACT score can even get you a fully paid scholarship to one of our great Mississippi community colleges or universities. **Who should take my course and when should they begin their ACT preparation?**

Every student, high school or in college that needs a better ACT score should consider my course. Since students may retake the course multiple times for no additional fee, I recommend that students begin to take my classes during their Sophomore year.
